

# GETTING STARTED WITH SPOTLIGHT REPORTING

We know that you are busy, so we've put together this checklist to make it really easy to get started with Spotlight Reporting. We know that once you get started, and you realise the value this software adds, you won't want to stop!

1. Simply visit [spotlightreporting.com](https://spotlightreporting.com) to learn more about the Spotlight Reporting family of products, access case studies, sign up for training and more.

2. We want you to maximise the benefits of our software so check out our training videos at [vimeo.com/spotlightreporting](https://vimeo.com/spotlightreporting). There's also videos that will help you set KPI's, build a VCFO practice as well as full training sessions.

3. You are now the expert at your firm, so it's time to have a discussion with your peers to consider the best use of the Spotlight Reporting product suite for their clients. Time to share the trusted advisor magic...

**FREE**

4. There's no better time than now to start a free 28-day trial!

5. We recommend attending a free live webinar or watching a full training webinar video to get the most out of your experience. Enrol at [spotlightreporting.com/Training](https://spotlightreporting.com/Training)
